Our committed team of exhibition project managers will keep you informed on the progress of your display stand from the design to the installation and delivery of your display. Find out more about the services we offer.

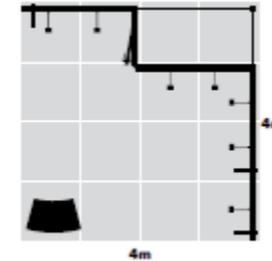

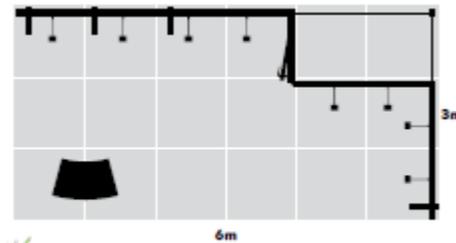

Creative stand design for all sizes

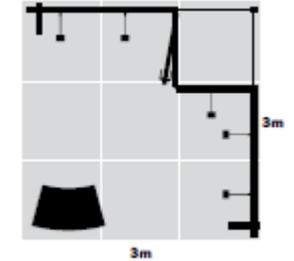

Designed for reconfigurability and longevity... from a simple banner to a large island display

An Environmental Approach to Exhibiting

- Starlight Exhibitions has always offered a future-proof and sustainable approach to exhibiting.
- We're committed to making sure you're a responsible exhibitor with our reusable aluminium display structures, constructed from 80% post-consumer recycled content.
- Designed to be resized and re-brandable, our displays allow for total flexibility with little or no need for repeat production which will keep on-going costs as low as possible.
- Take a look at our [sustainable displays](#) or view our [Green Policy](#) for more information.

This reconfigurable modular display with storage tower, can scale down and offer a solution for more than one stand space.
